

OUR WINE CLUB

The wine club at Wending Home Estate Vineyards & Winery is not only about enjoying our award-winning wine selection throughout the year but it is also about community. We believe in making experiences for our members that lead to friendships while further developing an appreciation for good wine.

“

We've thoroughly enjoyed the wines, the warmth and the hospitality. You truly have made us feel part of your community.

Monica and Grant

We are a small winery, dedicated to quality and embracing the terroir of our vineyards. It is a working relationship between our wines, the soil, and the people who make Wending Home a success. We thank you, and welcome you to the Wending Home family.
