We invite you to embrace the unexpected. Open each bottle with curiosity, share it with good company, and savour it knowing this singular expression of time and place will never exist again. When the bottle is empty, its story lives on in the memories made around your table.

Détente Riesling

Détente is a French term that means relaxing or easing of tensions. The term, in this case, also alludes to a unique technique that we used, resulting in a lower alcohol content while maintaining freshness, elegance and aromatic attraction.

Using flash détente, the alcohol content was reduced to 8.5% ABV, but this semi-sweet wine is balanced between alcohol, acidity and mild sweetness. It provides floral notes, green apple and lemony citrus hints with mouth-watering acidity.

A great summertime wine, beautifully matching with Asian inspired seafood, grilled summer vegetables, or curries. Spicy/fresh Thai noodle bowls or simple fruits and nuts . But don't think only summer, as this is a very versatile wine.

Or just relax and enjoy ... détente indeed.
